BRASS CNC TURNED PARTS

Brass Small CNC parts Components

We offer a wide range of **Brass CNC turned parts Brass CNC machined Components Brass Small Micro machined parts Screw Machine parts and components.**

We have high speed CNC lathes and multi spindle CNC turning machines in Jamnagar India where we manufacture and supply high end close tolerance CNC machined parts and Brass CNC turned parts. We also machine Copper, Stainless Steel and Aluminium on CNC machines over and above various grades of Brass.

We are one of the precision manufacturers in the field of Brass CNC parts and components and heavy engineering components. Since our establishment in the year 1974, we have added various machines and equipment to enhance our setup to provide excellent product satisfaction to all our esteemed customers and meet their industrial requirements.

- High Quality Products
- Always Reliable delivery
- Quick turnaround and Lead Time
- Very personalised customer Service
- Keen and Competitive Pricing

We supply our range of CNC machined parts milled parts stamped parts. We are an ISO 9001:2000 certified custom manufacturer of precision screw machine components & turned parts including aluminum, brass, bronze, copper & steel screw machine components & turned parts. Products include adapters, Screw machine parts ,nuts, spacers, orifices, barbs, pins, cam lever pins, inserts, hose barbs, couplings, shaft couplings, king bolts, connectors, in-line & eccentric connectors, rollers, rivets, shafts, shaft couplers, cap-regulators, dowels & bushings cap nuts, plugs, screws, thumb screws, stand-offs, sleeves, slotted & threaded sleeves, mounting studs, spacer studs,

We area Iso Custom manufacturer of screw machine products & turned parts made from brass, steel, aluminum, bronze & stainless steel. Products include bearings, bolts, nuts, connectors, bushings, couplings, fasteners, fittings, flanges, hubs, pinions, pins, shafts, tubing, valves & washers. Screw machining square, round & hexagonal shapes with dia. ranging from 1/8 in. to 2.25 in. Capabilities include high speed tapping, back & cross drilling, rotary broaching, facing, OD threading, counterboring, fly cutting, cross milling, turret milling & EDI using .jpg & .pdf file formats. We offer screw machine products & turned parts made from brass, copper, plastic & stainless steel. Screw machine products & turned parts include bindings, buttons, caps, captive screws, cheese heads, collars, cross recessed, extended head, fillister, flat head, hex washer head, knurled, large chamfer, low head cap, low profile, machine screws, metric, oval, pan, round countersunk, security, self-cut, short knurled, slotted, socket & small chamfer screws.

Brass Neutral Links india is also a custom manufacturer of screw machine products & turned parts made from brass, stainless steel, aluminum & steel. Products include threaded inserts, spacers, studs & bushings. Types of threaded inserts include tapered, symmetrical, press-in, expansion, mold-in blind & knurled inserts. Applications also include automotive, automotive after-market, computer, communications, electronics, hand tools, housewares, medical, military & sporting goods & toys. RoHS compliant.
