BRASS EARTH TAGS FOR CABLE GLANDS

BRASS EARTH TAGS Ensure earth continuity is maintained between the Brass cable gland and the equipment . We can also produce Aluminium earth tags which should be used with Aluminium cable glands. These Brass earth tags (With or without screws) provide an earth bond attachment for a cable gland.As a standard practice Earth tags are manufactured in Brass but Stainless Steel earth tags are also available, but dimensions may differ slightly to those stated in the selection table below.The shape of Brass earth tags will vary for different sizes. These earth tags and other sheet metal components and parts are pressed from finest quality Brass sheets.
